

LONDON BOAT SHOW 2010

On January 2010 took place the celebration of the London International Boat Show in the Excel Exhibition Centre. The event was celebrated between the 8th and 17th of January. Because of the exceptional weather conditions the number of visitors in this edition was not the expected.

The show featured boating holidays and courses, the latest in luxury yachts and equipment for your boat, VIP speakers, maritime fashion and water sports you can try at the show in special pools. Excel London hosted more than 500 exhibitors displaying power and sail boats, sailing options and much more during the ten day exhibition

Lurismarine had the chance to visit the show and increase and expand its network. In this sense we kept meetings with legal firms such as Hill Dickinson, Black Star, Incelaw, HBJ Gateleway, Clyco & CO LLP. These firms are among the top ten offering legal solutions to super yachts.
