

YACHTING INDUSTRY 3RD EDITION UPC POST-DEGREE

One more year has been launched a new Edition of the post-degree on the yachting industry. This course is promoted by the Direcció General de Ports, Aeroports i Costes of the Departament de Política Territorial i Obres Públiques of the Generalitat of Catalonia, together with the Fundació Politècnica of Catalonia and the Departament de Ciència i Enginyeria Nàutiques of the Universitat Politècnica of Catalonia.

This course is structured in nine areas concerning the yachting industry. Each area is conducted by professionals that offer their knowledge and experiences in this world. Iurismarine participates one more year. The subject explained by our company is regarding yacht registrations as well as administrative procedures in the Spanish Capitanias (Spanish Marine Administration).
